Lauren Artress in Australia

In March of this year, Lauren Artress traveled around Australia doing 14 presentations in major cities and country towns. Her visit was such a success that they are already planning for Lauren to return to Australia and continue the speaking tour in October 2012.

Introduce Your Friends to the Labyrinth

LNN and Trinity Labyrinth Guild have been working together to plan an event which will be a perfect way to introduce new people to the labyrinth. This event includes a temporary labyrinth made of rope lights on the lawn of the Cathedral, a beautiful slide presentation by Jill Geoffrion, an optional introduction to the labyrinth, an opportunity to walk Trinity's famous wood inlay labyrinth, and refreshments too. What more could you want?

Bring your family and friends to Trinity Cathedral in Portland on Friday, June 24, 2011

NW Regional Labyrinth Gathering - less than 2 weeks away!

Register Now

A large group of dedicated volunteers from around the Northwest have been working together to plan the Northwest Regional Labyrinth Gathering - June 24, 25, 26. This is a very rare and wonderful opportunity to connect with other people who share your interest in labyrinths. In addition to our featured speaker, Jill Geoffrion, there will be lots of labyrinths to walk, a marketplace where you can buy labyrinth products not normally available in the Portland area, workshops on a variety of topics, and much more.

It takes a lot of time, energy, and money to host a regional labyrinth gathering. Please support us in this effort by telling your friends about it and by registering now! You can register at the door, but early registration is very helpful to people planning this event.
