Earth Mother Labyrinth
by Stephen Shibley

Dear Labyrinth Friends,

This Sunday afternoon LNN members are getting together to chat. Everyone is welcome. This is a free event. If you'd like to meet some of the other labyrinth enthusiasts in the area, please come.

Stephen Shibley is going to talk to us about plans for the upcoming international labyrinth gathering, but even if you have no interest in attending the gathering, I think you will enjoy seeing the pictures of the beautiful labyrinths in British Columbia, and we'll be talking about other things too. Please join us!

LNN Get Together
Sunday, February 24, 2013
1:30 PM - 3:30 PM

in the Fireside room of
Westminster Presbyterian Church, Portland
1624 N.E. Hancock St.
Portland, OR 97212

New Photos now available on LNN's Photo Page

It's my fault! Sorry! Sandy sent me the pictures right away, and I forgot to post them. Pictures from LNN's 5th Anniversary Party are now available on the LNN Photo Page. We had such fun talking, eating, walking the labyrinth, and learning a meditative dance taught by Alys Allwardt.

Updating the Labyrinth Locator - volunteers needed

Jeff Saward is trying to make the Worldwide Labyrinth Locator to make it more accurate and complete. Volunteers are needed to go out and visit labyrinths and report their condition. This is an easy and fun job, but in case you have questions, detailed instructions are now available on the LNN Resources Page.

Volunteers needed - 1 1/2 hrs. per month -for labyrinth walk at women's prison

LNN has a team of volunteers to provide weekly labyrinth walks at Coffee Creek State Correctional Facility for women. We're quite excited because a new volunteer joined our team this week. However, we are still desperately in need of a few more volunteers so that we have a backup in case a team member is ill or has an emergency. It's an interesting and rewarding ministry.

Let your Fingers do the walking

My New Year's resolution is daily labyrinth walking. I got sick, the weather got horrible, etc. So, I was forced to use finger labyrinths. I've never appreciated finger labyrinths very much, but I'm finding them convenient and surprisingly worthwhile if used regularly. Virtual labyrinths are another interesting possibility for bad weather labyrinth walking. Try some of these (please note, there are some for iPhones too):
