LNN Pilgrimage to The Dalles

We can't guarantee that you'll see a helicopter landing, but you will be able to walk the labyrinth where they land. When this labyrinth was built in 1999, it was the first hospital labyrinth in Oregon and one of the first healthcare labyrinths in the world, and it was a trendsetter. There are now 14 hospital labyrinths in Oregon and hundreds of labyrinths in healthcare settings in USA, but this one has is setting the example for how a labyrinth can be used effectively in holistic healthcare. Join us for our pilgrimage to the Dalles and meet their labyrinth facilitator and music thanatologist, walk the labyrinth with harp music, and have a relaxing and fun day with other labyrinth enthusiasts.

LNN is offering this as a free event... everyone is welcome. We're carpooling.
Reservations are required so that we can tell The Dalles how many people to expect, and so we can coordinate rides.
Register online NOW!

Twilight Labyrinth Walk

on a new private labyrinth in Hillsboro

You are invited to visit this brand new labyrinth for a lovely summer evening on the labyrinth. This labyrinth was built by the

owners, and they'll tell you all about it.

This is another free event sponsored by LNN, but advance registration is required so the hosts will know how many to expect. Since this is a private labyrinth, so address and directions will be sent by e-mail to registered participants. Online registration for this event will be available soon.

Children and Labyrinth: Focus and Fun

A workshop presented by Beth Langley
Montessori Teacher & Labyrinth Maker

We are so fortunate to have this opportunity to learn from an expert from North Carolina with many years experience working with children on the labyrinth. Beth Langley is coming to Portland for the Montessori Congress where she is presenting a workshop. She has agreed to stay after the conference to talk to labyrinth enthusiasts in the Portland area.

This workshop is fun for everyone, but teachers, religious educators, and parents will find it especially helpful. It's important to get this info out to teachers before school is out for the summer. A beautiful flier for this event is on the LNN Resources Page. Please forward it to people who would be interested in this workshop.

If you could help by distributing some of these fliers to schools in your area, please contact Sandy@labyrinthnetworknorthwest.org.

Online registration for this event will open later this week.

TLS International Labyrinth Gathering
on Vancouver Island, British Columbia
in September 2013

I just read the schedule of events and learning opportunities at this labyrinth gathering, and the more I read, the more excited I got. They have an amazing variety of presentations scheduled. This is the first time the TLS Gathering has been held outside of the USA, and it will be a truly international event. Speakers are coming from Scotland, Ireland, Australia, as well as many different parts of Canada and the USA.

Several LNN members are planning to attend this conference, and we'd love to have you join our group. No doubt about it, this is going to be expensive, but it will be a wonderful opportunity for a vacation in an incredibly beautiful location. The actual conference is only 3 days, but there are pre- and post-gathering events extending it for a week. You can come for one lecture or stay for a week. There are many options. Choose what's best for you, but it's definitely worth the time and effort. I'm looking forward to an adventure on Vancouver Island.

You'll be inspired by 2 beautiful video invitations to Vancouver Island. They're different... both are good.

You can find them on LNN Resources Page in the video section:

There is an abundance of information about "The Gathering" on the website for The Labyrinth Society.

I can't put the link here because if I link to anything other than LNN, e-mails start bouncing. So, find it yourself.

Love,

Kay
