Want to learn more about the heart labyrinth and how to make one yourself?

http://labyrinthnetworknorthwest.org/reflections/2010/100221_Heart_Labyrinth.pdf

You can meet Jerry at the labyrinth gathering. He'll be making beach labyrinths.

Are you going to the TLS Gathering on Vancouver Island? What are your plans? Would you like to join the group who are camping at the gathering? Would you like to have a passenger to share expenses?

New Photos now available on LNN

Photos from Beth Langley's workshop, Children & Labyrinths: Focus and Fun

We had a great workshop.... lots of new ideas... We learned how to make many different kinds of labyrinths and then had the opportunity to create our own placemat labyrinth.

Photos include some interesting designs for Placemat Labyrinths.

Children Playing Parachute on the Labyrinth

This picture on the LNN Home Page is one example from a wonderful set of pictures by Harley Grosvenor showing the labyrinth at Mid-Columbia Medical Center. We'll be posting more of them soon. <http://www.labyrinthnetworknorthwest.org/>

Labyrinth Research Project

What is it about a labyrinth which makes it appealing to you? Share your ideas.

You are asked to take an anonymous survey which will take no more than 15 minutes of your time. Information from results of this survey will help labyrinth builders and their clients when creating a new permanent labyrinth.

We've put a link to the survey on the LNN resources page in the section "More Interesting Labyrinth Links" Can you find it?

Okay, I admit that the resources page has so much info that it's getting increasingly difficult to find what you need. We're working on it. Be patient. If you can't find the link to the survey, let me know, and I'll send it to you via e-mail.

LNN Labyrinth Network Northwest -- visit us on Facebook

There's too much news. We can't send it all by e-mail.

Find us on Facebook! We have lots of interesting pictures and info on Facebook. For example, did you see the photo of the perfect setting for a summer wedding on the labyrinth?

Send us some of your interesting labyrinth pictures if you'd like to share them with others via facebook.

Enjoy the sunshine - walk a labyrinth

There are lots of labyrinths wherever you go. You can find them on the Worldwide Labyrinth Locator.

Looking for a labyrinth in the Oregon? There are lots to choose from.

There's a section on the LNN Resources called "Oregon Labyrinths" which includes lists of labyrinths, self-guided tours, and Google maps showing locations of permanent labyrinths in Portland and Eugene.

Check it out.... explore some new labyrinths.
