Circles on the Sand by Denny Dyke

After a long hiatus, Denny Dyke is making beach labyrinths again. Denny is making many different kinds of labyrinth in different locations. All you need to do is show up, and you can help Denny if you want... or just watch the artist in action. You might want to invite him to work at a beach near you. Denny's next labyrinth will be

Saturday, September 27 8:20 AM - Classical labyrinths in Port Orford - Battle Rock

See a picture of Denny in action on the LNN Home Page:

Circles in the Sand now has a schedule published online for about a month in advance. Check it frequently. Plan ahead and attend one of these events. It's worth the drive. The beach is lovely at this time of year.

Try it yourself - Make your own beach labyrinth

Beginners learning to make simple labyrinths are invited to join me on Neskowin Beach. I'm not an expert, but I know a few easy labyrinths I can teach you. I travel a lot, but I will be home a lot during the next month. Let me know if you'd like to play in the sand with me. Labyrinths don't have to be perfect to be meaningful. It's fun!!
