

# ST. BRIGID LABYRINTH WALK

Through stories of the Irish St. Brigid and reflective walking in the Trinity Cathedral labyrinth, explore the meaning of the divine feminine for your life.

St. Brigid of the 5<sup>th</sup> Century CE was a strong protector of the poor, the sick and of women and a prominent figure in early Celtic Christianity. Sharing her feast day with the Celtic Goddess Brigid, St. Brigid is associated with fire and water. A strong protector that can be as gentle and serene as the ancient sacred well where she built the first Irish nunnery in Kildare.

Hear inspiring stories of St. Brigid, her special cross made of rushes, and her miracles in early Celtic Christianity by a master storyteller. Through the motion of her stories and your motion within the Labyrinth explore how these qualities of the divine feminine illuminate your life.
