

Creating a safe liminal space to explore, mown into your own turf...

LAWN LABYRINTHS

I provide design and installation services to create seasonal lawn labyrinths in a day, using variations on the classic seven-circuit labyrinth.

Size and pattern vary depending on space available. Client will be responsible for future mowings to maintain the labyrinth.

Embrace the 'in-between' we are living. Let's journey to our center with compassion. Breathe. Restore. Trust. Create. Transform.

Are you Inspired? Please call or email me for site preparation and maintenance basics, cost estimates, and scheduling.
